All characters page 1 of 2

Use a black pen and write each character once, in its box. Sit every letter on the dark line. Capitals and tall letters reach the top line, small letters reach the dashed line, and tails (g j p q y) drop to the bottom line.

Spacing sample (optional) page 2 of 2

Optional, but it makes a better font. Copy each sentence on the lines below it in a black pen, at your normal size and speed. It shows how you really space letters and words, which single boxes cannot.

Sphinx of black quartz, judge my vow.

Pack my box with five dozen liquor jugs!

"Wait," they'll say — it's 10:45 already?

The five boxing wizards jump quickly (again).

How vexingly quick daft zebras jump; 1,234 times.
